No Contest!
- December 7<sup>th</sup>: Annual Christmas Party  
Same kit night  
Vote for model of the Year  
Modeler of the year  
Announcement

## President's Message...

Another month has come and gone. I hope the lack of attendance last month was due to everyone working on projects. Speaking of projects, how's everyone's same kit going? It is getting close to time to actually starting to work on it now.

At the time of writing this message, I am recovering from a weekend of Mopar Nationals. I don't know how many of you get to go, but you should all try going out to Brice Rd at least once. The crowd is a lot better than they used to be (no "boing" of anything other than Mopar). You can't beat the price (free) and to get to see them being driven and doing burn outs is pretty cool. The orange Hemi Cuda that won Goodguys' "Muscle Car of the Year" was there and lit them up to my

surprise. That thing has some power! It was able to break them loose again with a quick rap on the gas while it was rolling 20-30 mph!

September's meeting is going to be in the same old place while next month, Mark Harmon graciously offered the use of his house again for the annual auction. So let's start scrounging up things to make some money in time for the NNL.

Well, gotta go for now, see you this Thursday.

Please visit our website & check out all of our cool stuff & leave a message on our message board.

## Last Meeting Minutes...

President Mike Lomaka, Jr opened the August 2006 BSAC meeting promptly at approximately 8 pmish.

He discussed the Goodguys show and how well it seemed to go. Apparently the schedule that was developed worked well and everyone who worked the contest was able to get "show" time also. It was mentioned that BSAC received several compliments on how smooth the "Make and Take" model building for kids went this year. Also, in another smooth operation, apparently all models entered in the contest were picked up by noon on Sunday.

The subject of the club build '34 Ford was brought to the floor and it was mentioned that Tom Dillion has the model.

Carl Rees has the club drag strip diorama in his garage and thinks it would look better in a different member's garage. Anyone? Anyone? Beuhler? Beuhler? Anyone?

Second-to-last order of business was to mention that the November club auction will be held at Mark Harmon's house. Thank you Mark!

The last order of business was the voting for everyone's favorite models. The Mopar theme was won by Bob Mako's MPC/AMT '69 Charger.

Miscellaneous theme was won by Carl Rees' fantastic and imaginative build of a Revell '56 Ford pickup, in 1/25<sup>th</sup> scale, copying the Revell 1/48<sup>th</sup> scale pickup, motorcycle and box cover. Nice!

Bob Mako

## 2006 Officers...

President:	Mike Lomaka Jr.
President-Elect:	Mike Newport
Treasurer:	Carl Rees
Secretary-Editor:	Bob Mako

## Classifieds...

### WANTED

1967 Ford galaxie body, hardtop or convertible:  
Looking for body shell only, roof is optional.  
Contact Bill Atchison (614) 873-5131

Theme Winner: Michael Newport - Acura NSX

Misc. Winner: - Richard Roberts - '60 Ford Wagon

April: Commercial & Service Vehicles

Theme Winner: Carl Rees - Railway Express Truck

Misc. Winner: - Deke Miedel - Green Hornet

## Editor's Notes...by Bob Mako

So, does anyone remember the last time a new kit was produced? In making my weekly visit to Hobby Lobby with the 40% off coupon in hand, I didn't find anything really compelling to use the coupon on (my wife breathed a loud sigh of relief!). All re-issues with new, modern looking wheels so at 40% off I suppose one could buy kits just for the wheels and still be cheaper than buying a set of Pegasus wheels. Just didn't find anything too very exciting.

I did find a new kit in Hobbyland when I visited that store for Scale Auto magazine. AMT has issued a 2005 Mitsubishi Lancer in the Fast and Furious series. Nice looking kit if you would like to build a "drift" car.

Also saw the Model King special issue of the Ford Bronco, Cougar Funny Car and Trailer. Neat looking kit, but at \$55 a bit pricey. However, they are re-pops of two old kits that would price out at well above the Hobbyland price. The old style Cougar funny car would look pretty good on the club diorama!
